Level 8, Tri-Seven Roppongi – Servcorp's latest acquisition is now open.

Tokyo: On July 27th, office services provider Servcorp opened its 24th and largest location in Japan in Roppongi's newly built **Tri-Seven Roppongi**.

The **Tri-Seven Roppongi** commercial complex was completed in June 2016 and Level 8 is Servcorp's latest addition to its 152 locations of serviced offices across the world. Servcorp is offering the entire floor of serviced office space designed to accommodate small to medium sized businesses.

To mark the occasion, **Olga Vlietstra, General Manager for Servcorp Japan** commented: *'This is a magnificent building ideally located in the heart of bustling Roppongi. A truly upmarket serviced office was missing in this area – this is now achieved.'*

The striking colored glass facade building is located opposite Tokyo Midtown and is extremely well connected to Tokyo's transport network with no less than three subway lines serving the area.

This year marks Servcorp Japan's 22nd anniversary since launching its first Japanese office location in Tokyo's Shinjuku district in 1994. Servcorp's presence has grown to include over 24 prestigious locations across Tokyo, Yokohama, Nagoya, Osaka and Fukuoka. Servcorp is incredibly proud to celebrate the opening of this location in Roppongi further adding to the success of this Australian brand in Japan.
