The hotel is situated on Hanoi’s main street “Le Duan,” and it enjoys a prime location in the city, just 10 minutes’ walk from Hanoi Station and 40 minutes by car from Noi Bai International Airport. As a hotel management company with a mission of “sharing Japanese hospitality with people around the world,” we look forward to offering our guests a brand new perspective. We will use the unique Japanese craftsmanship mindset to bring out the best in a fusion of Western and Eastern elements, combining this with Vietnam’s highly renowned warmth of service. We aim to make the most of Hanoi’s unique local characteristics to offer an outstanding hotel that can be enjoyed not only by guests visiting us from Japan, but also by overseas/domestic guests from Vietnam.

We are planning extensive renovations and improvements to the hotel facilities, including totally new restaurant contents, complete refurbishment of the Executive Floor, and the creation of a range of appealing environments for business use as well as leisure-based stays. In addition to warmly welcoming new guests, we are also taking positive steps to ensure that regular guests can enjoy even higher levels of satisfaction in our hotel.
