THE CREATION OF THE SAUBERKUGEL

Since the creation of our first prototype, a golf ball covered by double-sided tape, quite a lot has happened! Production, product assembly and dispatch is not done at the kitchen table anymore, but carried out by professional partners in Germany. We are a proud family business and Sauberkugel® is 100% made in Germany.

MAY WE INTRODUCE: SUSANNE & BERND - THE INVENTORS

If you want to find more about us and the Sauberkugel®, please visit our website www.sauberkugel.com or send us an email to team@sauberkugel.com.

DO WE ALL HAVE DIRT IN OUR BAGS, REALLY EVERYONE? YES!

★★★★ Really great!

I think the SAUBERKUGEL is great, it has already shown me loyalty for several months in my handbag and looked accordingly ... I opened it and the core rinsed under warm running water. The Sauberkugel is like new again and is busy collecting Crumbs and everything else in dust and sand that is in so accumulates in my pocket.

An absolute must have for me!

GOODBYE CRUMBS & CO.!

SPORTS BAG

BEACH BAG

PENCIL CASE

HANDBAG

MAKEUP BAG

SCHOOL BAG

GOODBYE FLUFF & SAND! THE SAUBERKUGEL MAGICALLY CLEANS UP YOUR BAG.

HOW DOES IT WORK?

Answer: Super easy! Put the Sauberkugel® in your pocket. With the daily search for the key or the mobile phone, the Sauberkugel® rolls from left to right. Thanks to its sticky inner ball, it absorbs any dirt particles.

FLUFF
CRUMBS
SAND
TOBACCO
DUST

PICTURE SHOWS PRODUCT IN ORIGINAL SIZE

ONE FOR ALL!

Whether handbag, backpack, makeup bag, schoolbag, sports bag, pencil case or suitcase: Thanks to its small size of only 3.5 cm, the Sauberkugel® is ready to take away the dirt wherever it appears.

HOW CAN I CLEAN THE SAUBERKUGEL®

The Sauberkugel® can be reused as often as you like.

It retains its adhesive power even after long and intensive use. For further information, please check our instruction on how to clean the Sauberkugel®.

Do you have any questions about the Sauberkugel® or cleaning?
Our team looks forward to your email at team@sauberkugel.com.

REUSABLE AS OFTEN AS YOU LIKE!

Just press the frame
to open the shell.

Take a drop of dish liquid,
clean with hand-hot water and
put it back in its shell.

The Sauberkugel® is
ready again for its mission
to clean your bag!

OUR NEWCOMER: THE WHITE-ORANGE WITH SILVER IONS

Thanks to the use of silver ions, our new Sauberkugel® (the White-Orange) not only takes away dirt and crumbs, it also kills 99.8% of bacteria (staphylococci, hummingbird bacteria). The effectiveness has been verified by an independent laboratory.
