In addition, we will distribute original post cards for free, which design changes in daily, to the first 100 guests.

■ "Fuzzy" × "Thighs"; Is it the ultimate art !?

We attracted attention by focusing on the possibility of fetishism and art at "Fuzzy☆Pretty Girls Art Exhibition" held in April 2015. In this exhibition, we will go ahead one step further and pursue its "fuzziness" to the limit.

Does neither beauty nor ugliness not exist in photos, where no face is taken so that they dare to incite imagination of audience...? You will be made imagining the story by looking at thighs. You can enjoy the ultimate art that will let you answer.

■ Your thighs become an art !? We will hold thighs photo session!

Limited to females who show their thighs, the author Yuria will shoot. To those who allowed to be shot, we will distribute original post cards.

Furthermore, in addition to give the photos taken on the spot, it will be exhibited in a panel of the venue (except those who do not wish).

■ New photo book "Thighs Photo Studio - Summer Day -" pre-release has also been decided!

This photo collection set and follow situation, which has challenged new style in configuration and policy than existing books of thigh photo studio.

You can also obtain an autograph when the artist is at the gallery.
